About RUSSIA

Watching the Northern Lights in Russia feels like stepping into another world. Unlike crowded Scandinavian spots, Russia offers vast, quiet Arctic landscapes where the Aurora Borealis lights up the night sky. The most popular place to witness this is Murmansk, right under the aurora zone, giving travelers a magical chance to chase the lights.

This journey with Roads You Travel (RYT) blends the thrill of aurora hunting with Russia's cultural gems — from the historic streets of Moscow, the Arctic adventures of Murmansk, to the artistic glory of St. Petersburg.
